

# The Virtue of Responsibility

“Fridays  
with  
Friends”

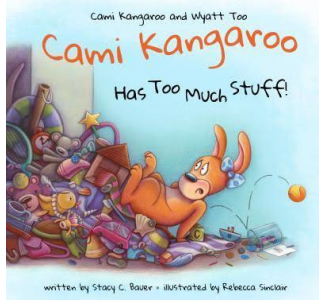

Friday friends switched roles and talked about responsibility as we changed to a new month and begin to look forward to new responsibilities. After a short discussion of what responsibility means and ways we can be responsible we listened to the story Cami Kangaroo Has Too Much Stuff, by Stacy Bauer. We talked about no matter how much fun we have we still have to be responsible and clean up after. With that being said, we headed to the cafeteria for what was probably the most fun science experiment we have had all year. Kids were shown how to drive matchbox cars through bubbles! They showed great responsibility by following directions! Check out these bubbles (and smiles!)

**BE RESPONSIBLE,  
clean up after yourself!**

Cami Kangaroo loves stuff!

Rocks, shells, feathers, toys...she loves it all. Stuff is great for collecting, sorting and building. There's only one problem: her room is so FILLED with stuff it's nearly impossible to find anything!
