

# 4<sup>TH</sup> GRADE TRIP TO MADISON

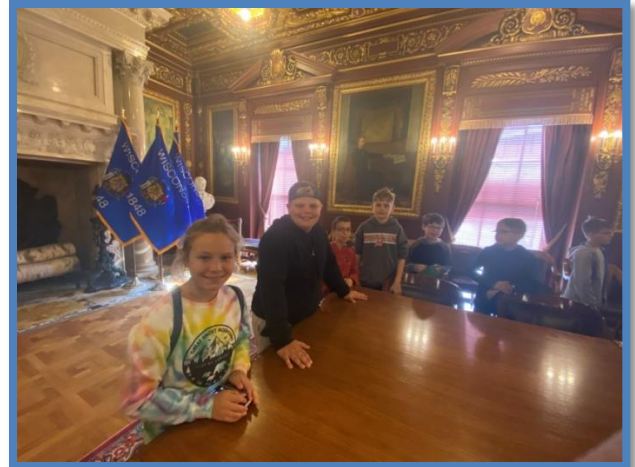

A stop at the Capitol and visit with Representative John Spiros

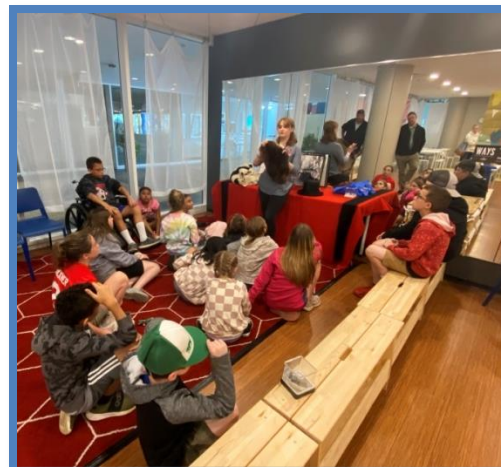

*Thank you, Home and School  
for providing the bus to this  
education and fun field trip!*

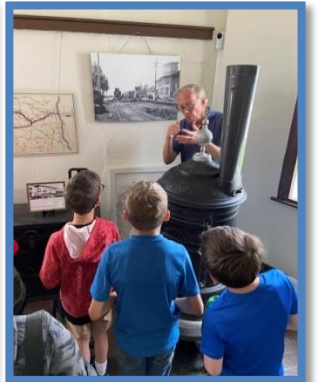

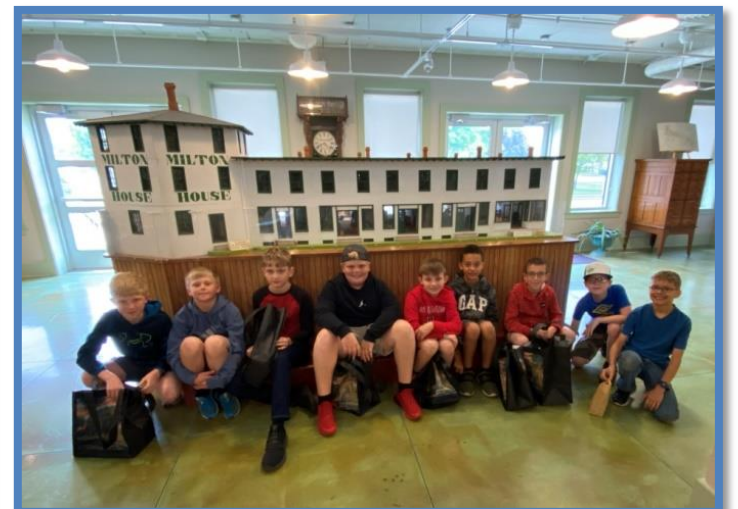

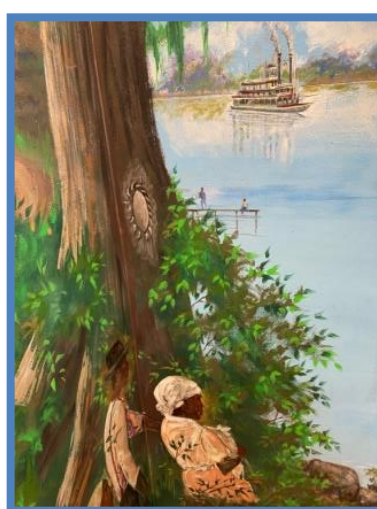

Joseph Goodrich built three outbuildings prior to the construction of the Milton House. One of the three buildings hid a secret tunnel. The tunnel connects the cellar of the one room cabin to the cellar of the Milton House.

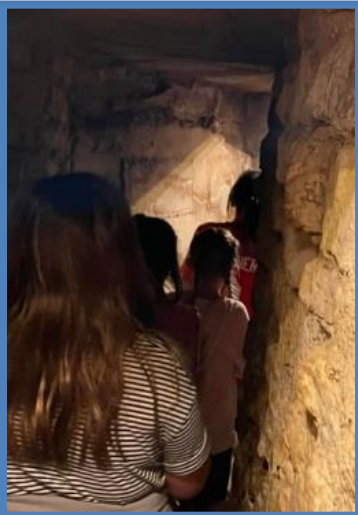

The Milton House is certified as an  
Underground Railroad.

The Underground Railroad, that aided formerly enslaved people who were making the journey to freedom, was a network of people and places who helped them. This was prior to the 13<sup>th</sup> Amendment, which put an end to slavery in the U.S.
