

5K Flower Planting

Mary Ann and Pamela planted marigolds with the Kindergarten students. The flowers were provided by Jerry Standiford, a local gardener. His plants are all started from seed or cuttings. Jerry is the master gardener for the Rib Mountaineers 4H group. He is the Superintendent of flowers, houseplants, and gardening for the Marathon County Fair. He is a state certified judge at 8 fairs around Wisconsin.

The students received a little stuffed bear and a treat from Ms. Thompson
