

# 7<sup>th</sup> Gr Retreat

The focus of the retreat was on being leaders and good role models as 8<sup>th</sup> graders next year. Mr. Koch divided the students into 3 groups and they had to build a structure with raw spaghetti and marshmallows that could stand freely for 3 seconds. It was an exercise in teamwork, cooperation and leadership. He talked about different ways we can be leaders. Mrs. Meyering did an activity that was about how words can help or hurt. Mrs. Kind prayed the Stations of the Cross with the students. 7<sup>th</sup> graders were given a tour and were told about how the capuchins were self-sufficient and worked together with their bakery, the sewing area where they made their robes, made and repaired their shoes.
