

Service to others is something the 7th graders enjoyed doing. They helped pack information packets that will be passed out in the community explaining the services offered to expecting mothers.

The information provided helps the mothers-to-be make good, informed decisions and offers them help.

During Lent we collected items for the center as well as \$1300 which the 7th graders delivered.

Thank you, Mr. Jack Hoogendyk for giving the girls a tour of the mobile HOPE unit and explaining the services provided by HOPE Life Center.

**Memorial
Day**
*Never Forget
Ever Honor*

The 7th grade boys had a service day and cleaned up the veterans monuments as a way to honor them before Memorial Day.
