

## SERVICE DAY

5th - 7th Grade students had a morning of service throughout the Marathon and Wausau Community. From St. Anthony Spirituality Center: "Thank you to the group of middle school boys from St. Mary's in Marathon....they helped carry firewood up to the balcony outside the Fireplace Lounge. Their young legs and strong arms were a great blessing as they made a dozen trips or more up two flights of stairs to JustBob, who helped them stack the firewood on the porch. JustBob thanked them by giving them a tour of the building and grounds after their work was done...."

From New Life Pet Adoption Center: "St. Mary's and the parents of these kids should be so proud of the young adults they are becoming. They were polite, funny, and very hard workers. Come back any time, the animals especially enjoyed the interactions with everyone today." We are proud of your work and service to our community, students!

I am only one, But still I am one.  
I cannot do everything, But still I can do something;  
And because I cannot do everything,  
I will not refuse to do the something that I can do.
